

# MATERIAL IMPORT AND DISPOSAL

The Tidewater Site remedy includes excavation and disposal of targeted impacted areas, as well as the installation of an engineered cap to prevent direct contact with Site materials and protect groundwater. In order to install the engineered cap and minimize the amount of materials needed to be transported offsite, National Grid will re-grade the Tidewater Site. Clean fill materials will be transported onto the Site to construct the cap.

## ROUTES

From Site to I-95N:  
Taft Street to Roosevelt Avenue Extension  
Roosevelt Avenue Extension to Main Street  
Main Street to I-95N On-Ramp

From Site to I-95S:  
Taft Street to Jenks Way  
Jenks Way to Pleasant Street  
Pleasant Street to Grace Street  
Grace Street to George Street  
George Street to Cedar Street  
Cedar Street to I-95S On-Ramp
